ABOUT US.

Our STORY

Superyacht Experts Alliance was born from the experience and passion of Stefano Pisano, a naval expert with a long career dedicated to the inspection, diagnosis and evaluation of luxury boats. Over time, Stefano has developed profound expertise in all the technical and safety aspects of superyachts, from the hull to the systems, from the structures to the mechanics.

From this path the idea of SEA comes to life: transforming an individual experience into a collective reality. The objective is to create a company capable of offering integrated and high-level nautical consultancy services, thanks to the collaboration of a team of highly qualified experts.

What started as a personal project is today a true alliance of professionals, a point of reference in the superyacht sector.

THE TEAM

STEFANO PISANO
Marine Surveyor

VITTORIA ZAGARELLA
Companing Director

SEA'S SERVICES

TECHNICAL MANAGEMENT

We coordinate and supervise all maintenance operations, both ordinary and extraordinary. We work with shipyards and suppliers, supervise repairs and carry out periodic technical inspections to ensure your yacht remains in optimal operating and safety conditions at all times

FINANCIAL MANAGEMENT

We prepare the annual operating budget and monitor all expenses. Detailed and transparent reporting ensures effective monitoring and control of costs.

ADMINISTRATIONS

We take care of all the necessary documentation, insurance policies, licenses, boat registration and guarantee compliance with all applicable national and international maritime regulations.

TRAVEL PLANNING

We help you plan itineraries, book moorings, organize supplies, and coordinate onboard logistics, ensuring you have a peaceful and safe sailing experience.

LEGALLY MANAGEMENT

We provide legal assistance for contract negotiation, real estate matters, regulatory compliance and dispute resolution. We also provide assistance in transactions relating to the purchase, sale or rental of yachts.

TAX PLANNING

We provide national and international tax assistance , from planning the purchase to managing the vessels , to ensure to optimal solution
